Introduction: Simplify Your Estate Management

Welcome to **EstateHub**, the all-in-one application designed to modernize and streamline the management of residential and commercial estates. In today's fast-paced world, managing finances, personnel, and resident services can be complex and time-consuming. EstateHub replaces cumbersome spreadsheets and outdated software with a single, intuitive, and powerful platform.

Our application empowers administrators with robust financial tools, enhances security with a modern QR-based pass system, and provides residents and staff with a transparent and easy-to-use portal for all their needs.

Why choose EstateHub?

- **Centralized Control**: Manage all aspects of your estate from a single, powerful dashboard.
- **Financial Transparency**: Automate maintenance calculations, fine applications, and view detailed financial ledgers with our integrated cashbook.
- **Enhanced Security**: Implement a secure and efficient QR code-based system for resident, vendor, and staff access.
- **Role-Based Access**: Provide tailored portals for Admins, Apartment Owners, Contractors, and Security personnel, ensuring everyone has the tools they need without unnecessary complexity.
- **Fully Customizable**: From application branding to individual page layouts, EstateHub adapts to your society's unique requirements.

2 Key Features

Key Features at a Glance

Comprehensive Admin Dashboard	At-a-glance KPIs for financial health, user management, and pending actions.
Automated Financials	Sophisticated maintenance calculation based on apartment size, with automatic late fees and daily fines.
Integrated Cashbook	A complete, double-entry style cashbook for a full financial overview of receipts and payments.
QR Code Pass System	Secure, scannable QR codes for every user, verifiable through the Security portal.
Customizable User Portals	Each role gets a unique dashboard and set of tools. Admins can customize the layout of any page for any role.
Entity Enrollment & Management	Easily enroll new residents, staff, and contractors, either manually or via CSV import.
Receipt Verification Workflow	Residents can make payments, and Admins can verify and log them in the system.

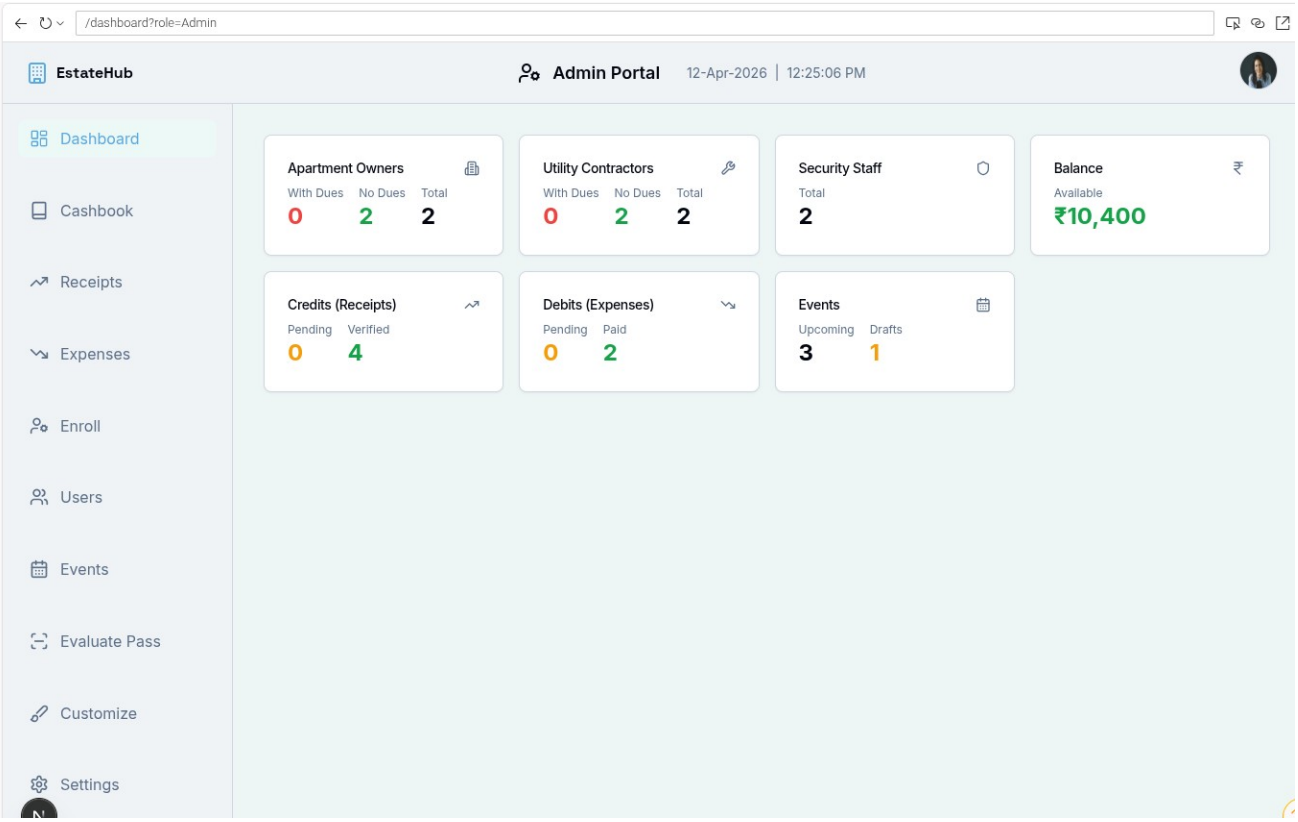
User Portals: A Tailored Experience for Everyone

EstateHub provides four distinct portals, each designed for a specific role.

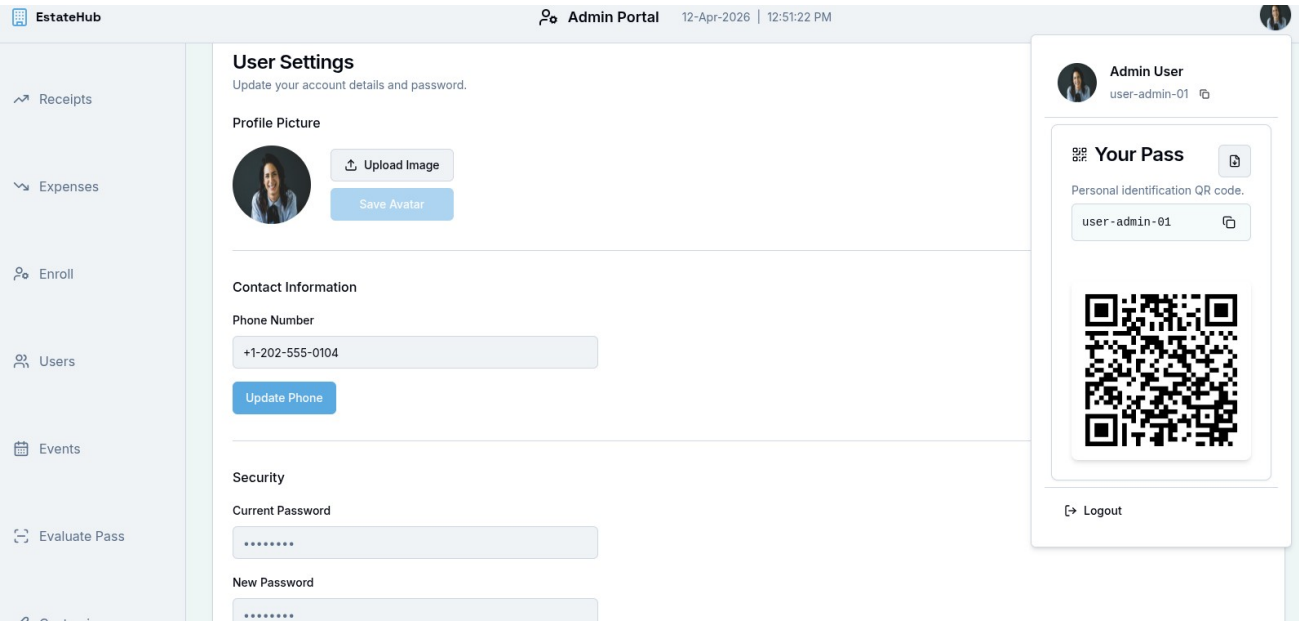
A. The Admin Portal: Your Command Center

The Admin portal offers complete control over the entire estate.

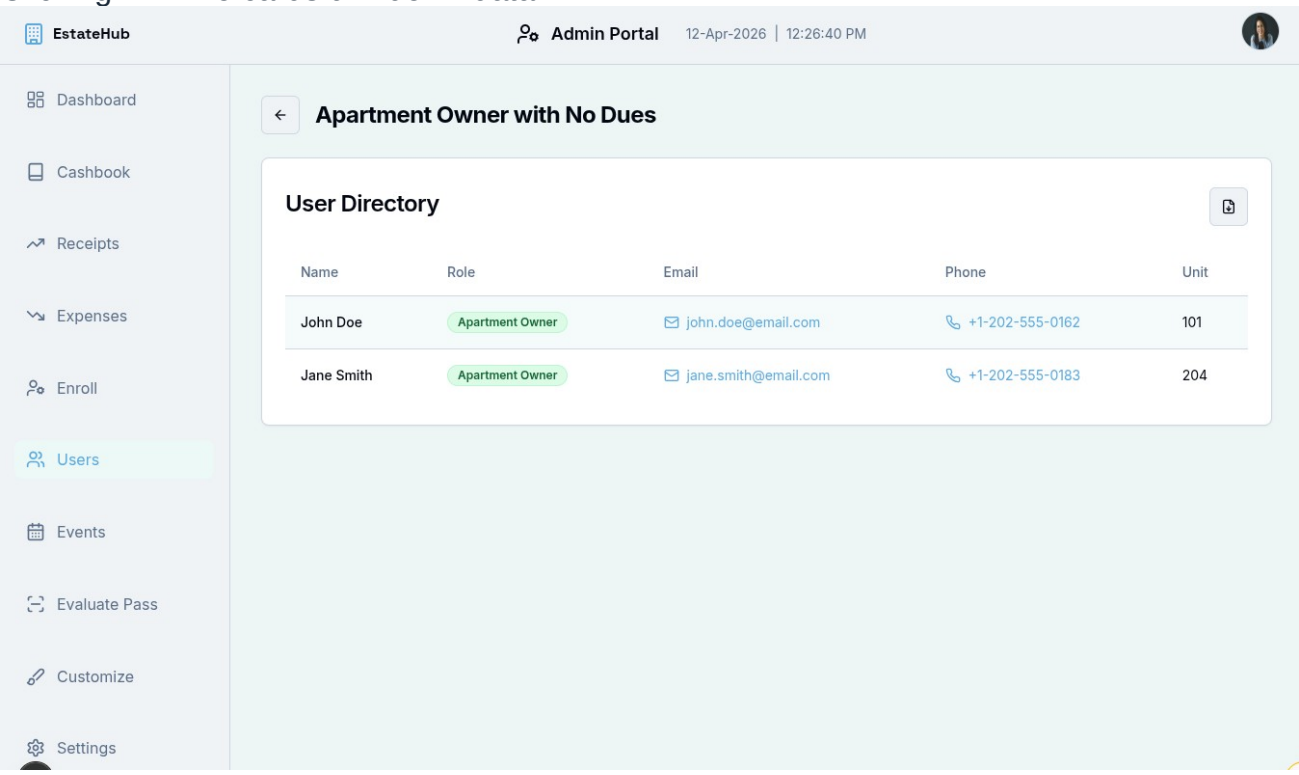
- **Dashboard**: The first thing you see is a powerful dashboard with Key Performance Indicators (KPIs). Track apartments with dues, pending payment verifications, and active staff at a glance.



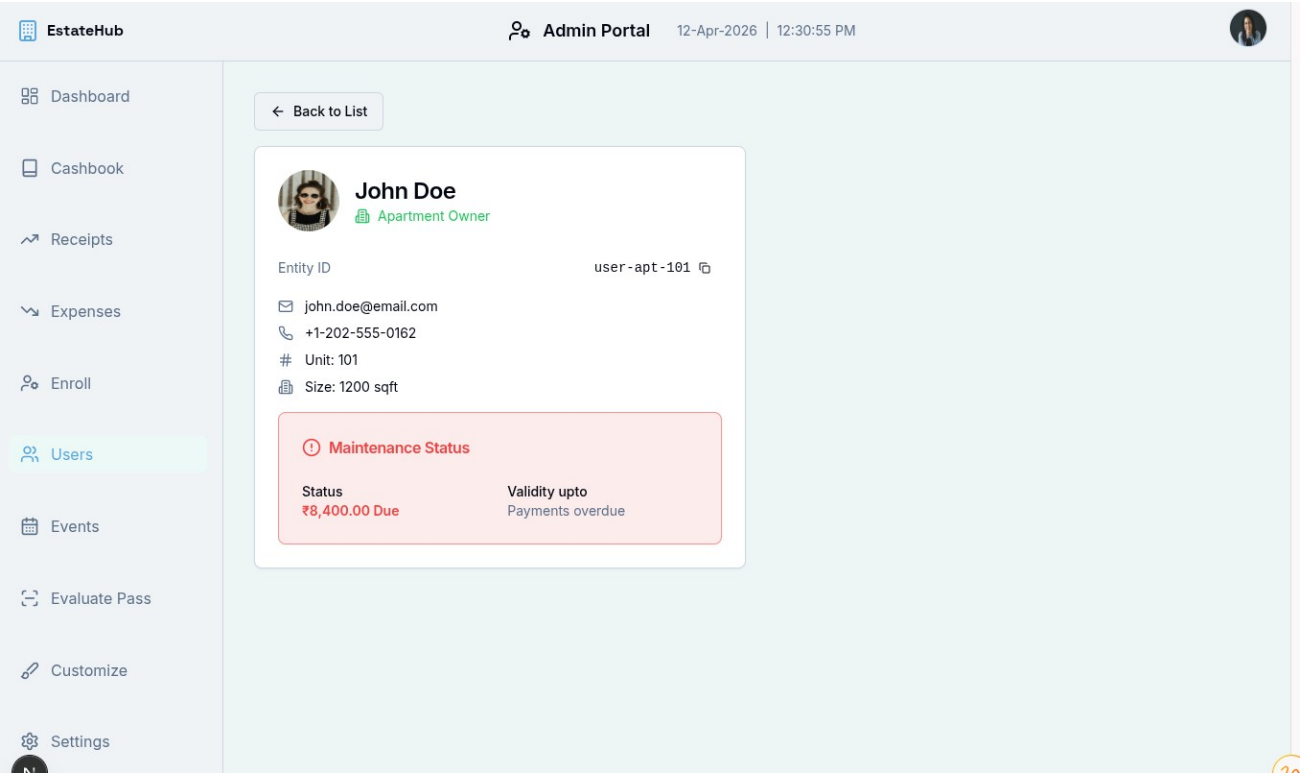
On Clicking Profile pic can show own QR code and logout



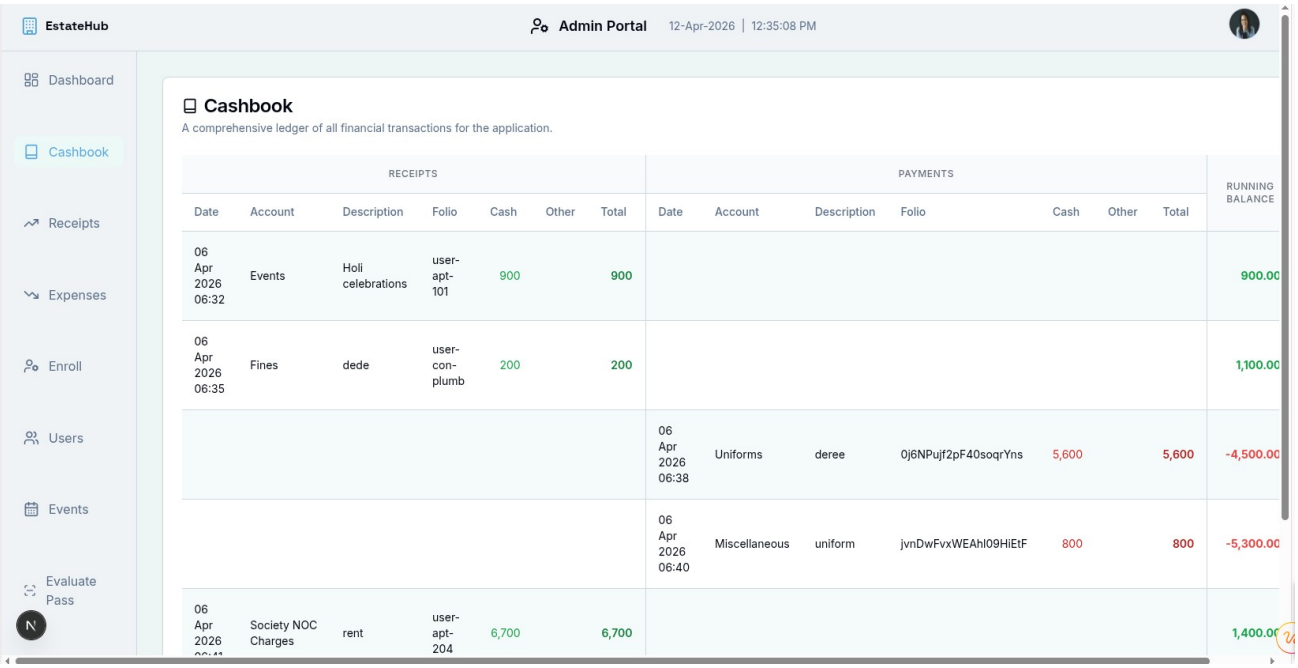
Clicking KPI info cards drill down data.



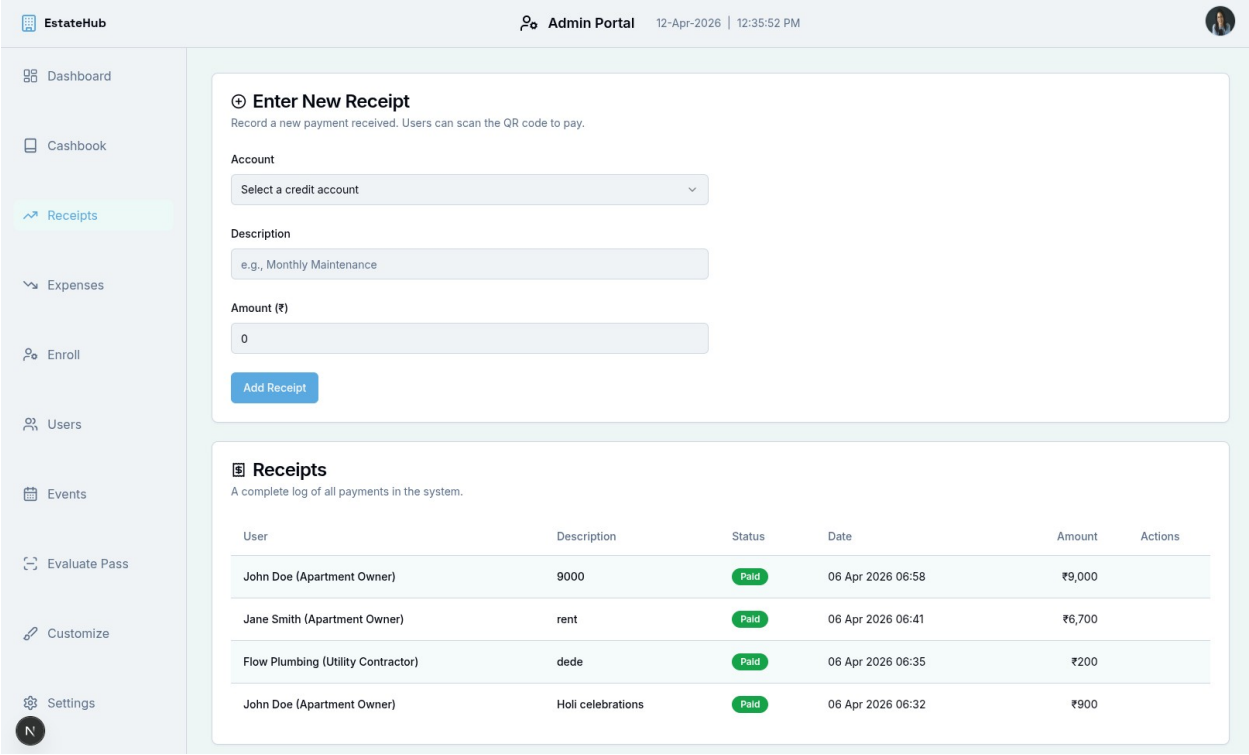
Drill down more …



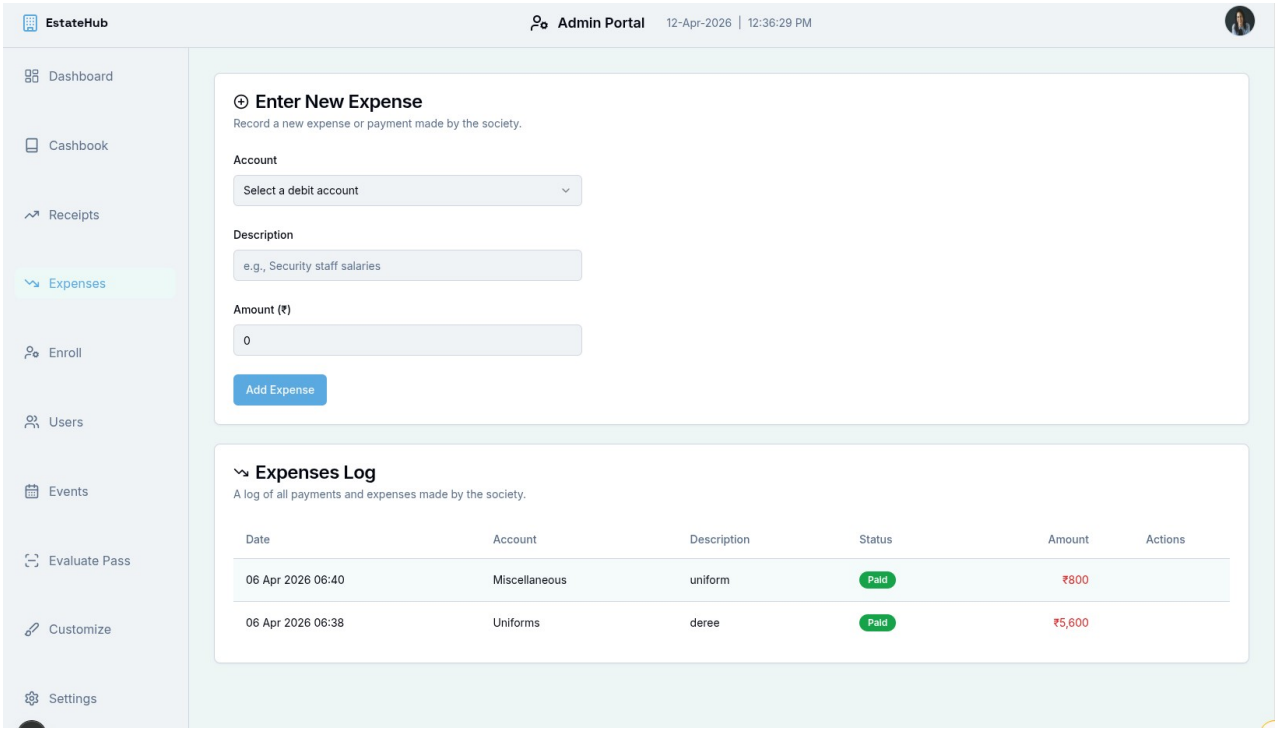
- **Cashbook**: A professional-grade cashbook provides a detailed ledger of all financial transactions, separating receipts and payments for ultimate clarity on your society's cash flow.



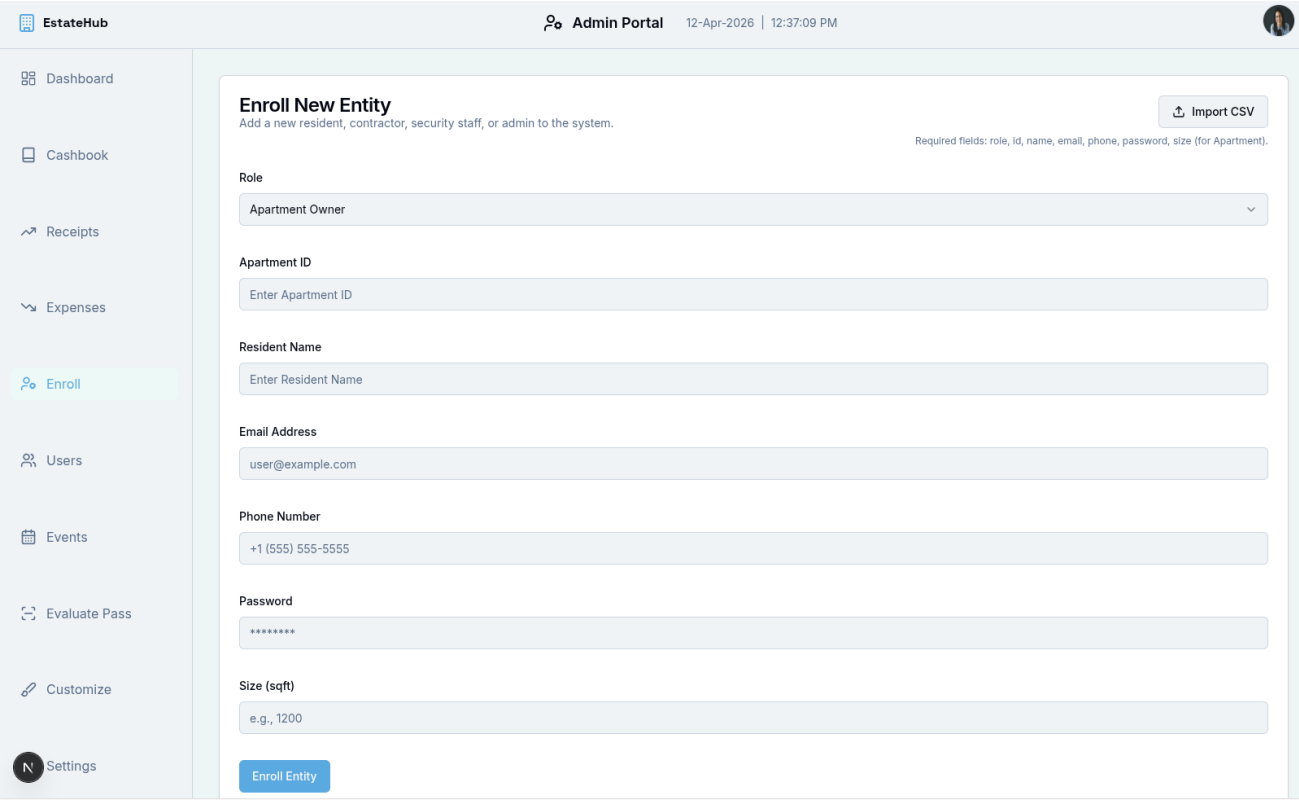
- **Receipts & Payments**: View a complete history of all payments, filter for pending verifications, and mark payments as ‘Paid’ to complete the transaction. Create new receipts for any user in the system.



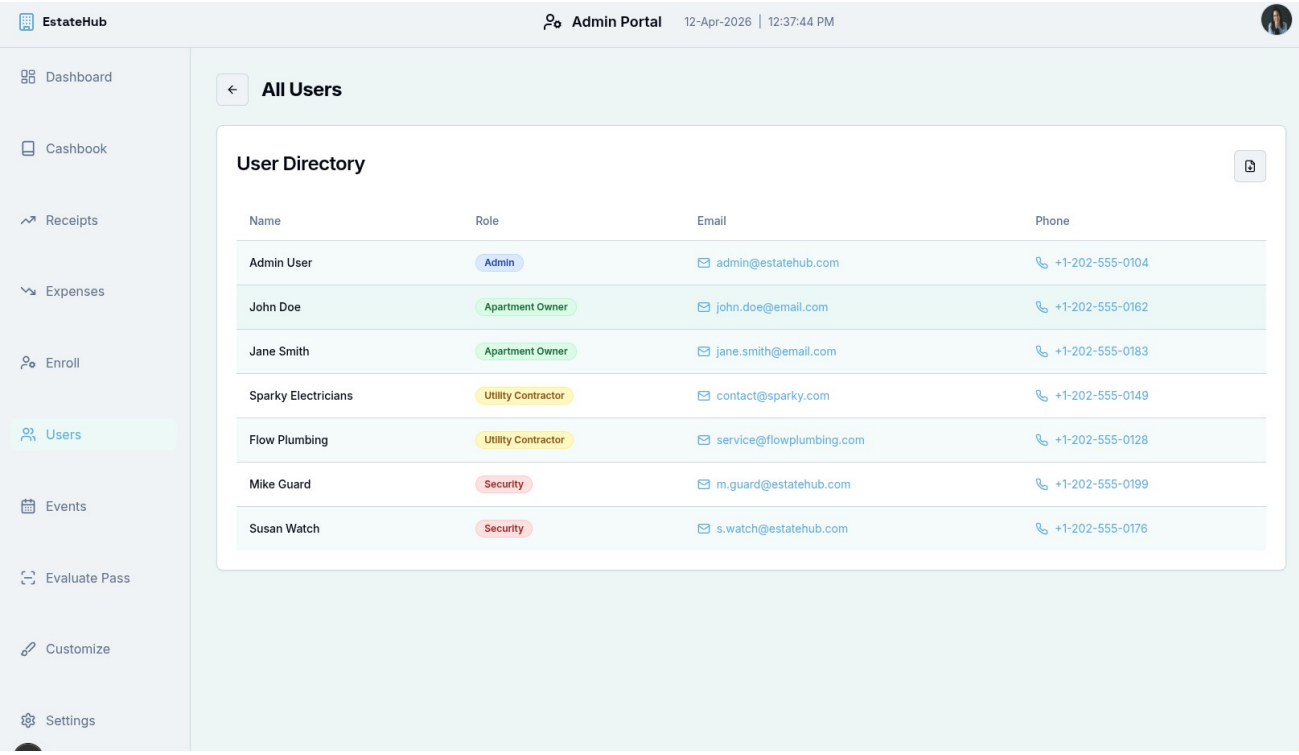
Expenses



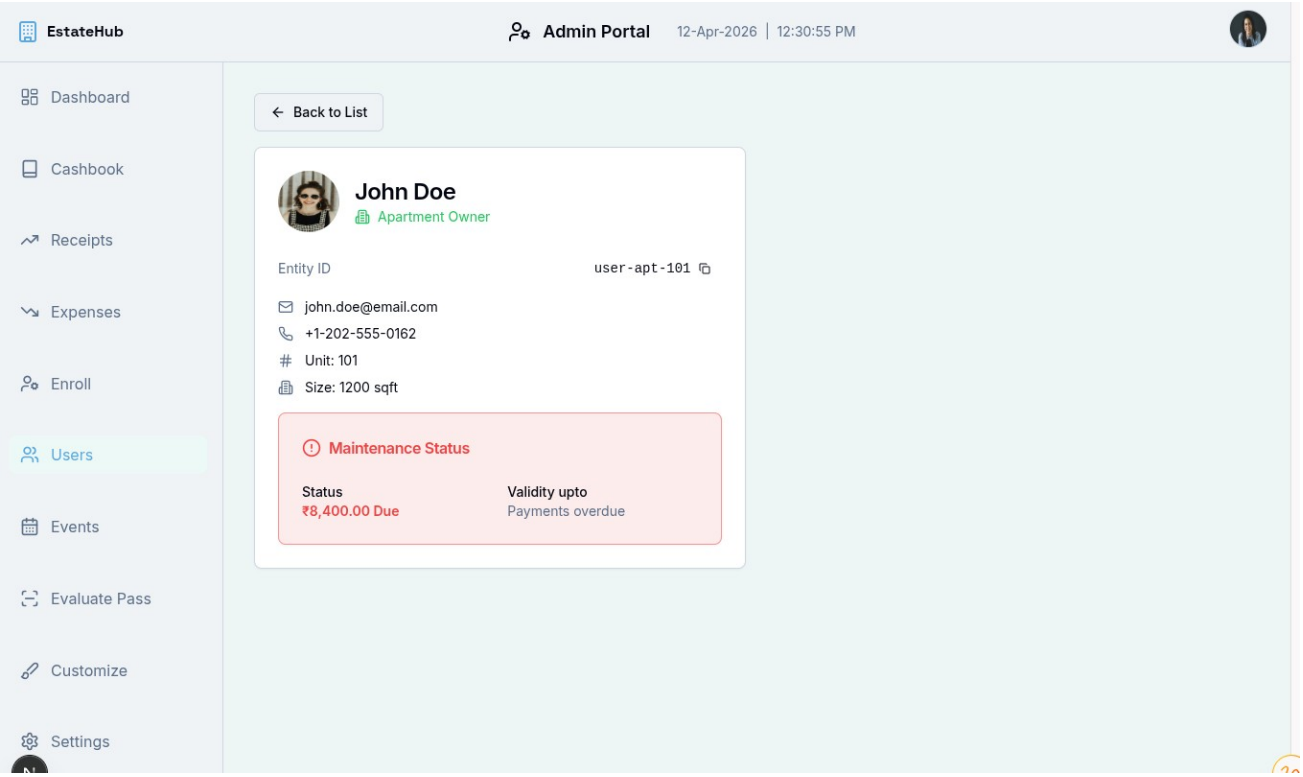
- **Enrollment**: Add new users to the system one by one through an intuitive form or import hundreds of users at once with a simple CSV file.



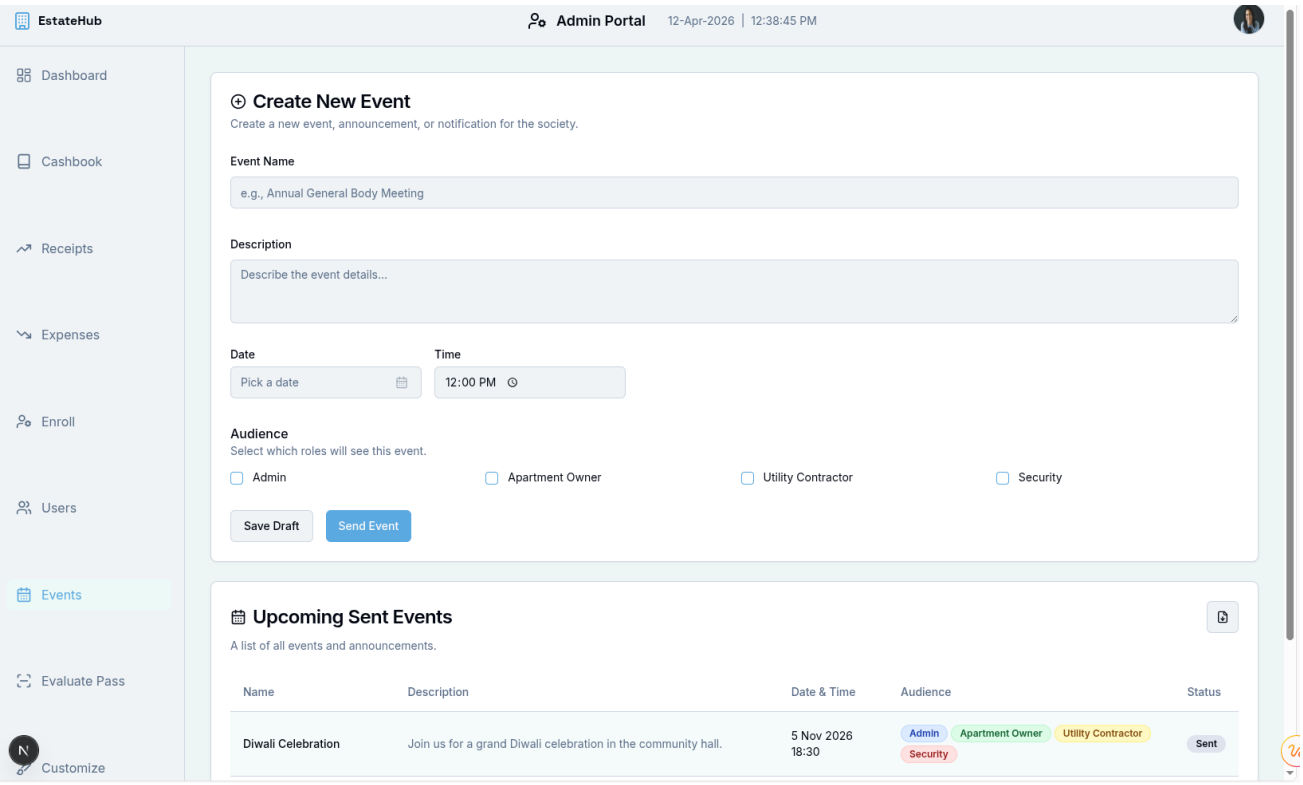
User List



Can Drill down ….

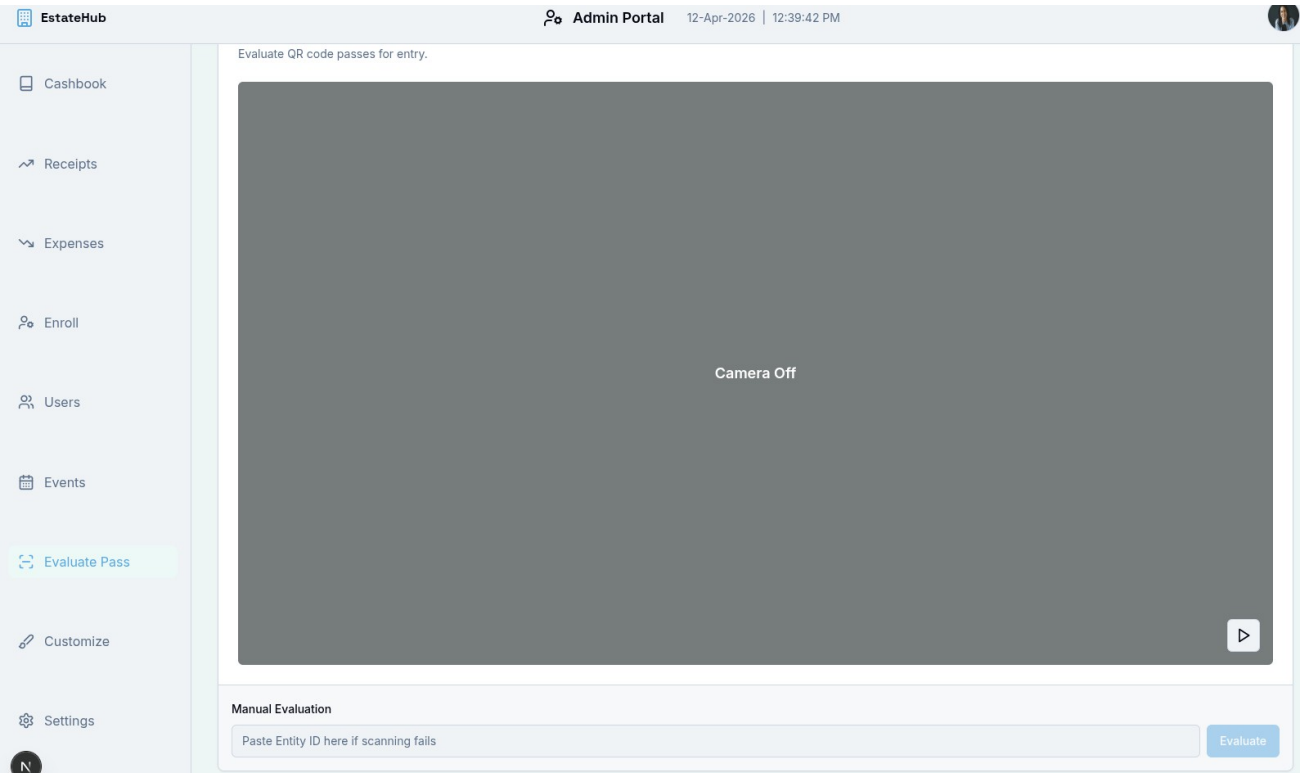


Events Management – a quick way to integrate communications

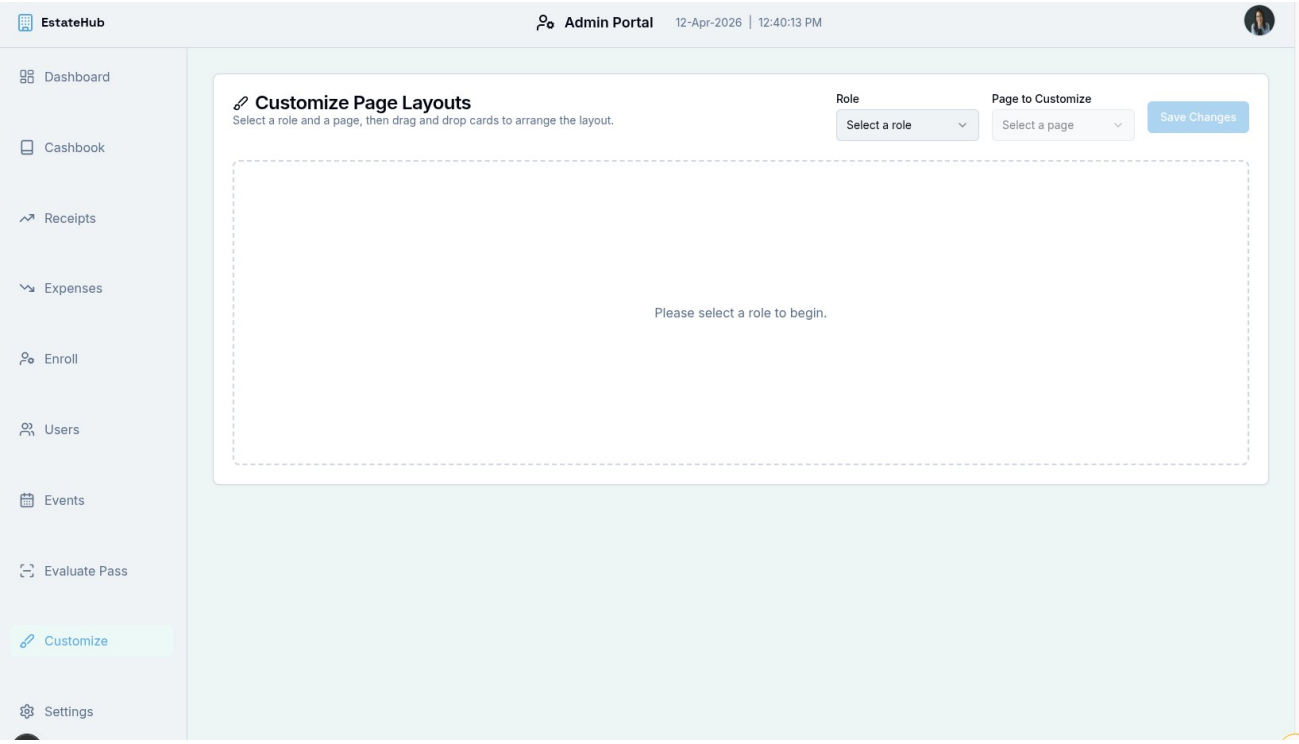


Can choose the audience for the events .. they show up on the dashboards

Evaluate Pass – A Handy Scanner to automate evaluation of Pass according to dues.



- **Layout Customization**: Uniquely, Admins can visually design the page layouts for any user role. Drag and drop KPI cards to create the perfect dashboard or utility page for your residents, security, or contractors.



- **Settings**: A dedicated settings area allows you to configure every aspect of the application:
  - **Global Settings**: Customize the society name, logo, and login page branding.
  - **Admin Settings**: Manage financial rates for maintenance, contractor passes, and late fees.
  - **Accounts**: Create and manage financial accounts, set depreciation rates, and define calculation start dates for arrears.
  - **Personnel Settings**: Manage work shifts for security staff.

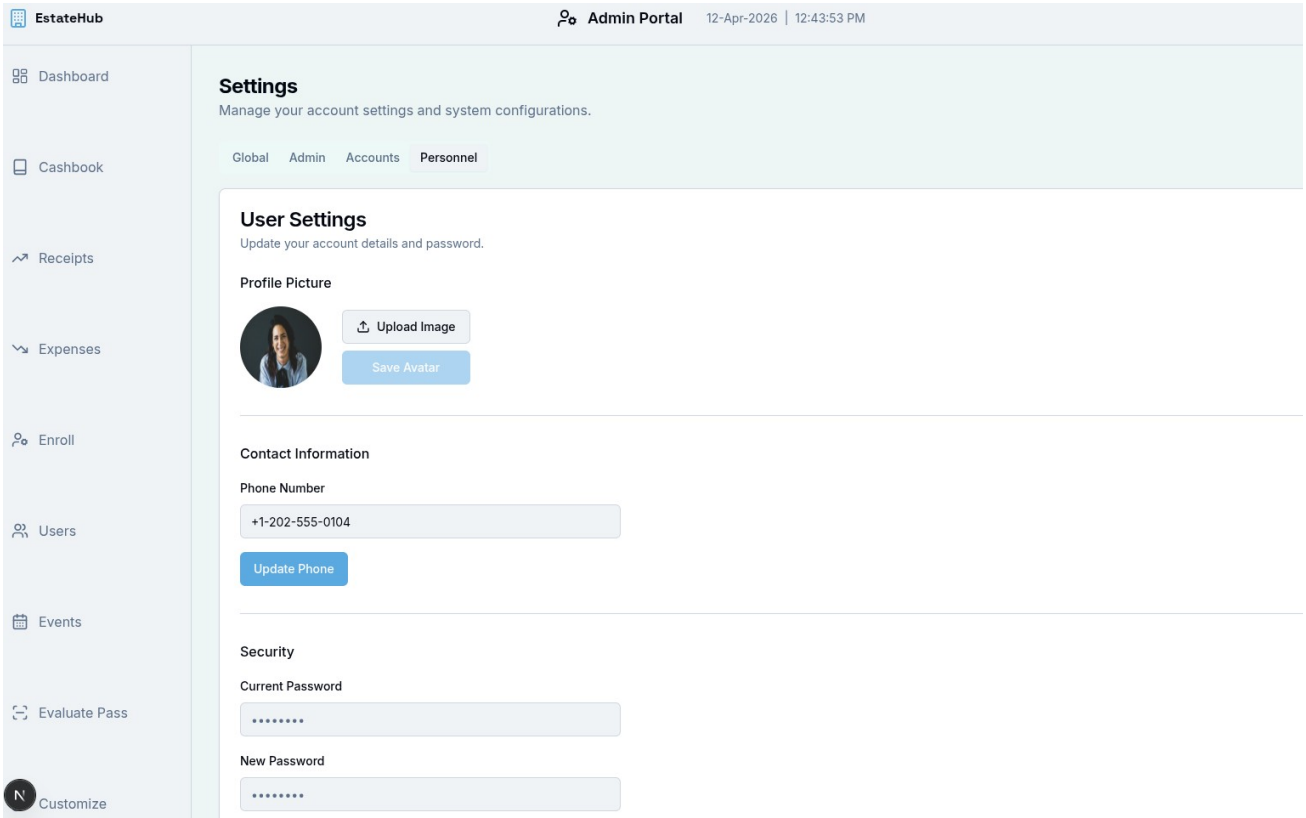
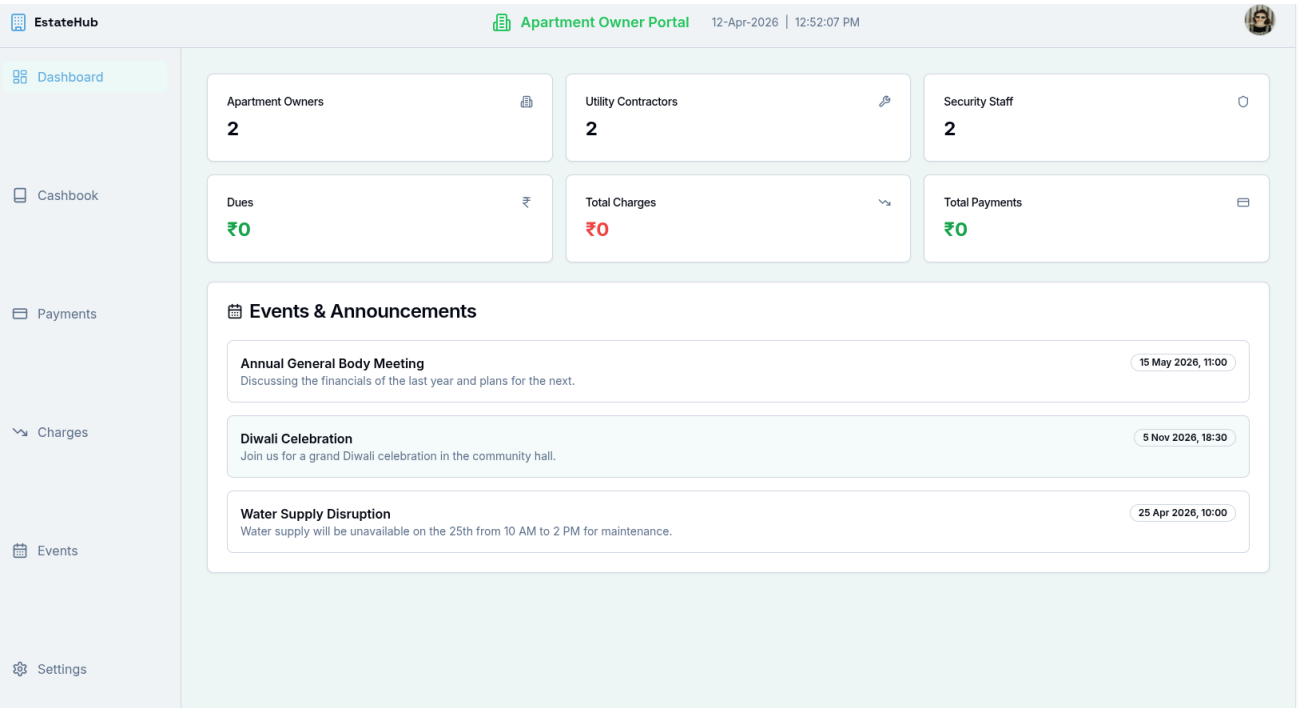
Personnel Settings



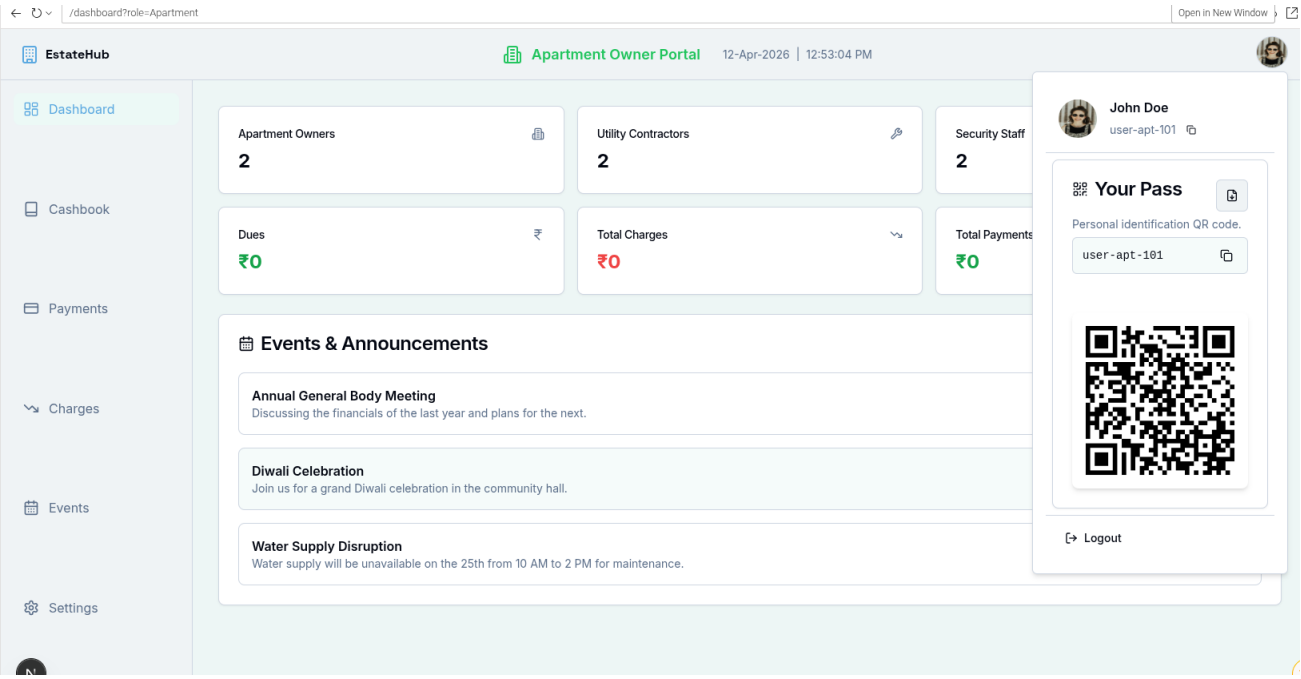
B. The Apartment Owner Portal: Clarity and Convenience

Residents get a clean, simple portal to manage their finances and access.

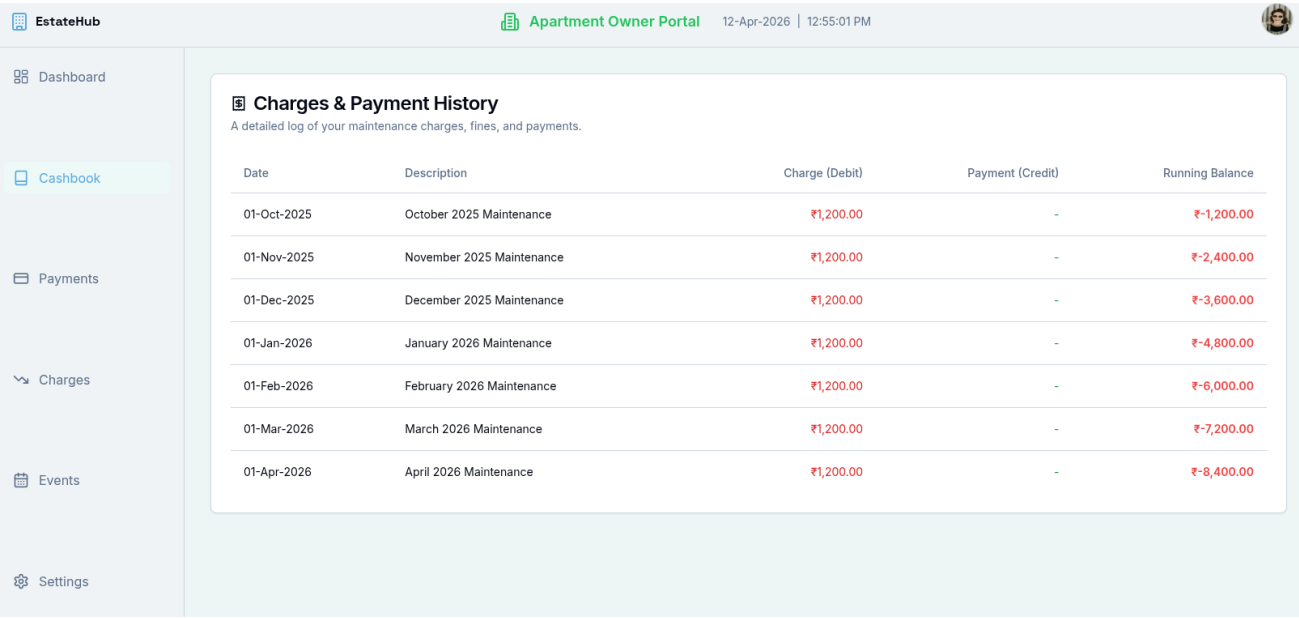
- **Personal Dashboard**: A welcoming dashboard shows the resident's profile, their personal QR code pass, and a summary of their maintenance status.



Show QR Code



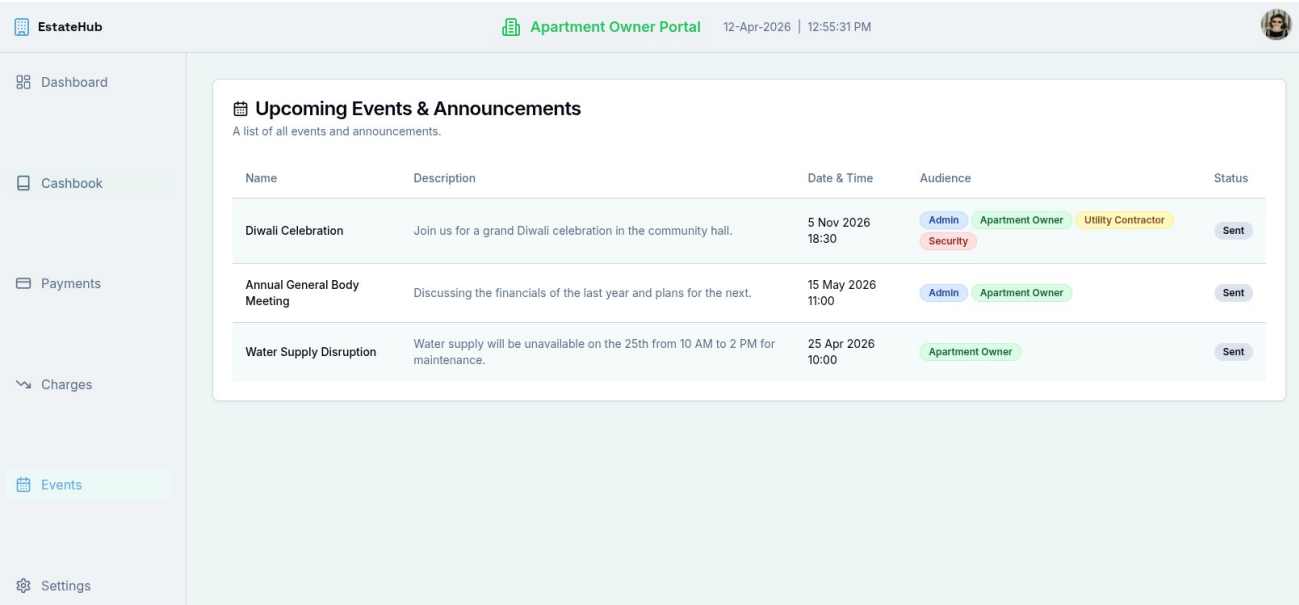
- **Cash Book – customised for apartment owners**



Date	Description	Charge (Debit)	Payment (Credit)	Running Balance
01-Oct-2025	October 2025 Maintenance	₹1,200.00	-	₹-1,200.00
01-Nov-2025	November 2025 Maintenance	₹1,200.00	-	₹-2,400.00
01-Dec-2025	December 2025 Maintenance	₹1,200.00	-	₹-3,600.00
01-Jan-2026	January 2026 Maintenance	₹1,200.00	-	₹-4,800.00
01-Feb-2026	February 2026 Maintenance	₹1,200.00	-	₹-6,000.00
01-Mar-2026	March 2026 Maintenance	₹1,200.00	-	₹-7,200.00
01-Apr-2026	April 2026 Maintenance	₹1,200.00	-	₹-8,400.00

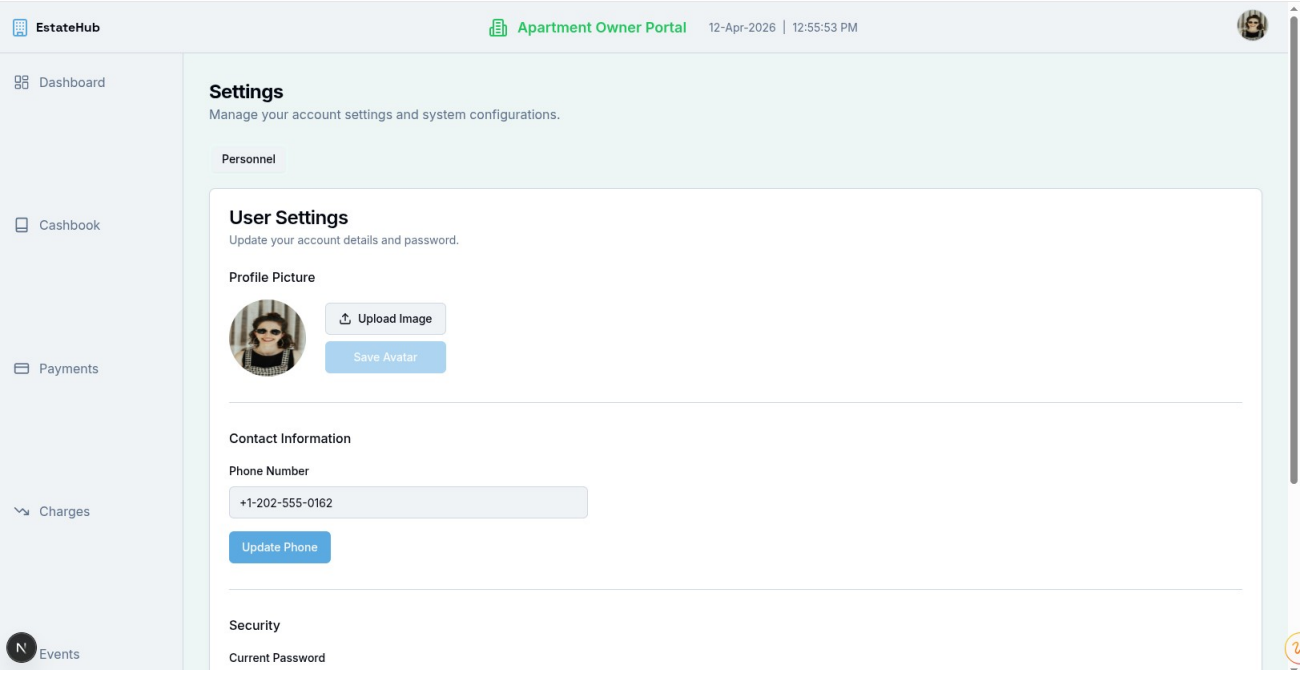
- **Charges & Payment History**: This is more than just a payment list. It's a detailed, itemized ledger showing exactly how their balance is calculated. It includes monthly maintenance charges, any late fees or daily fines applied, and all payments made. The running balance makes it easy to see dues owed or credit available.

Events – a place for communications



Name	Description	Date & Time	Audience	Status
Diwali Celebration	Join us for a grand Diwali celebration in the community hall.	5 Nov 2026 18:30	Admin, Apartment Owner, Utility Contractor, Security	Sent
Annual General Body Meeting	Discussing the financials of the last year and plans for the next.	15 May 2026 11:00	Admin, Apartment Owner	Sent
Water Supply Disruption	Water supply will be unavailable on the 25th from 10 AM to 2 PM for maintenance.	25 Apr 2026 10:00	Apartment Owner	Sent

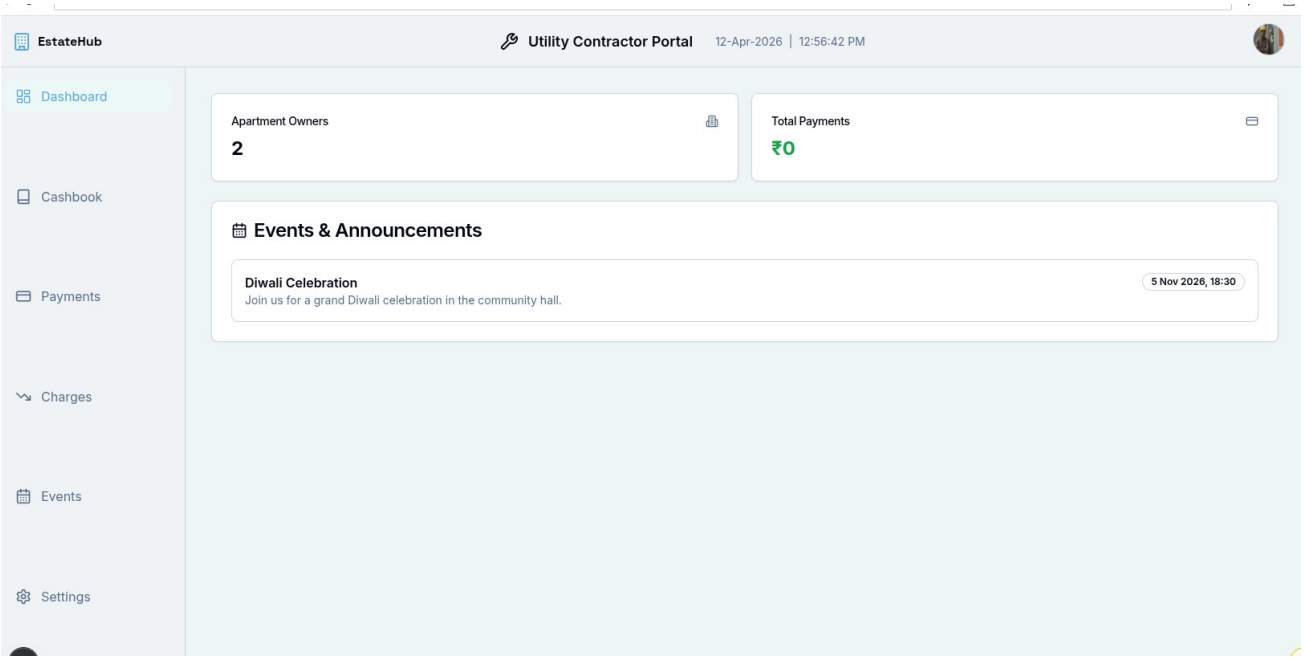
- **Personal Settings**: Residents can update their contact information and change their password.



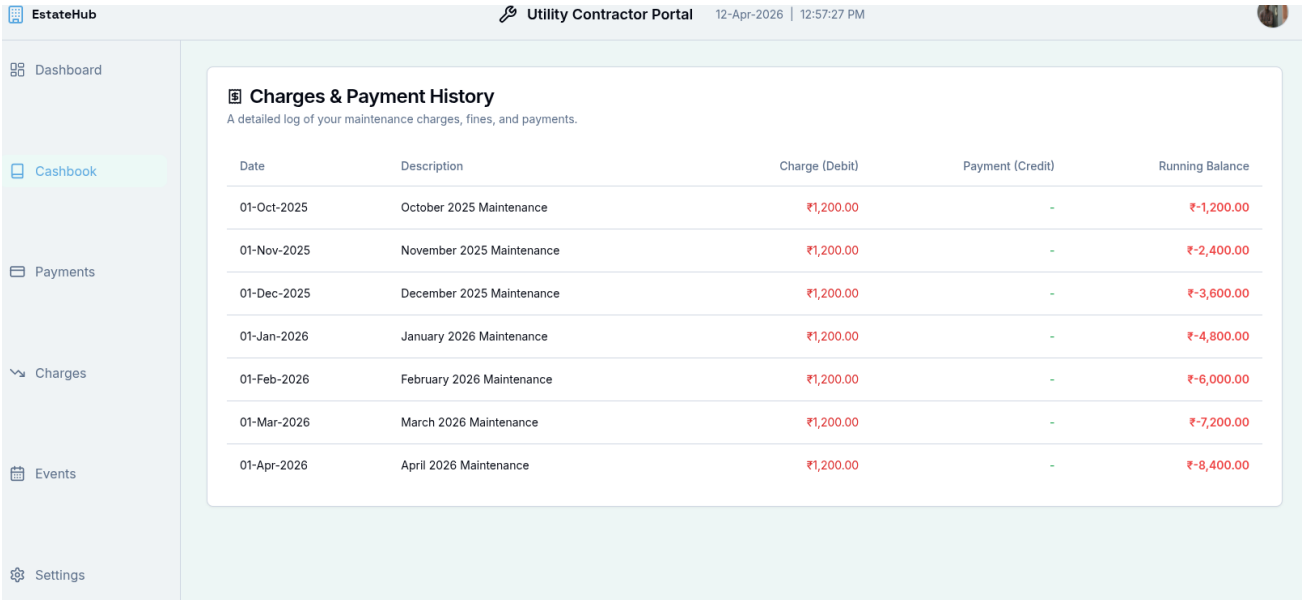
C. The Contractor Portal: Simple Access Management

Vendors and contractors have a straightforward portal to manage their access passes.

- **Dashboard**: Shows their service type and a QR code for their current vendor pass.

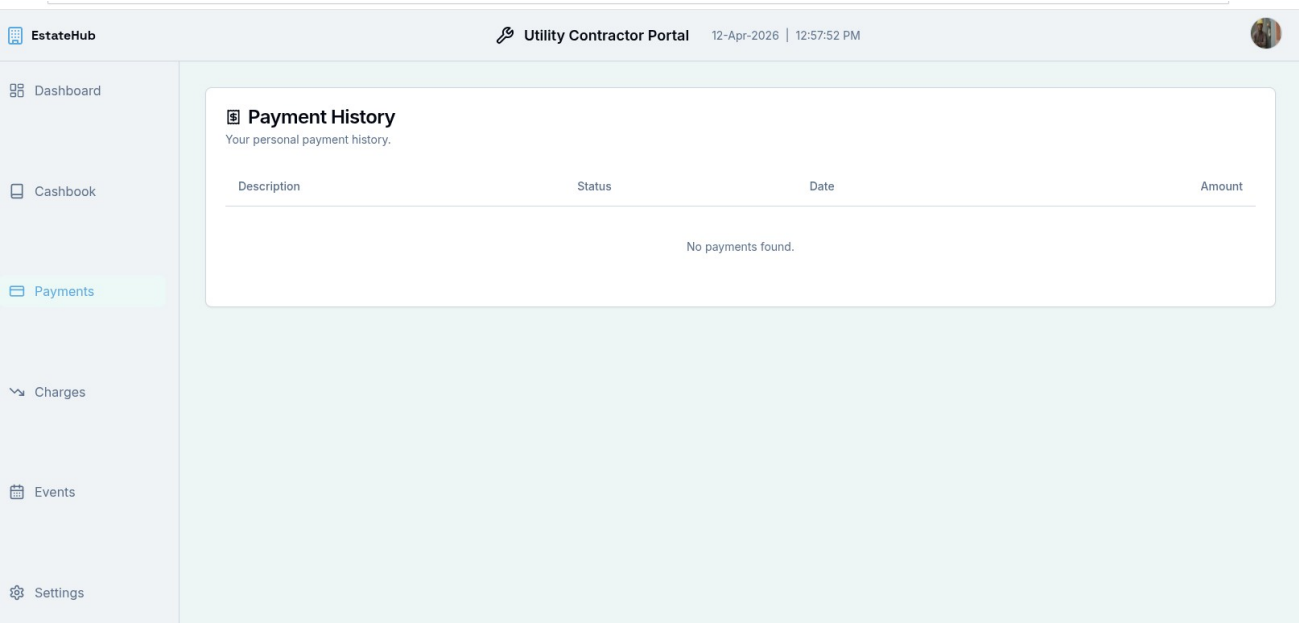


CashBook for Contractors

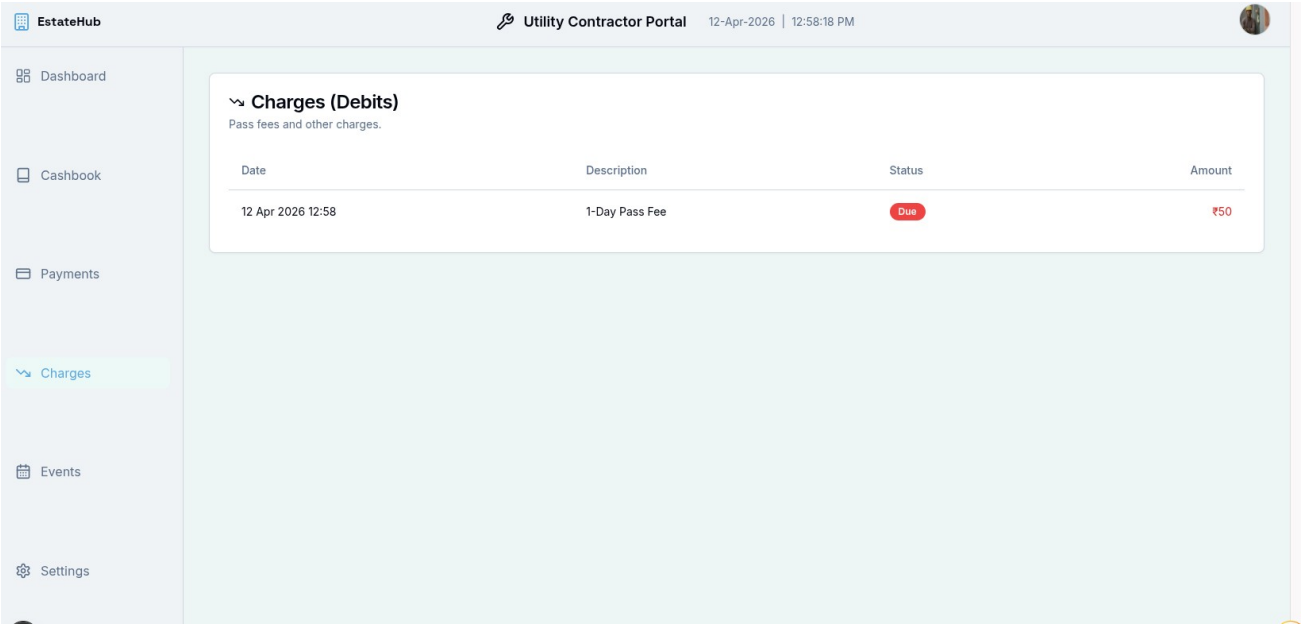


Date	Description	Charge (Debit)	Payment (Credit)	Running Balance
01-Oct-2025	October 2025 Maintenance	₹1,200.00	-	₹-1,200.00
01-Nov-2025	November 2025 Maintenance	₹1,200.00	-	₹-2,400.00
01-Dec-2025	December 2025 Maintenance	₹1,200.00	-	₹-3,600.00
01-Jan-2026	January 2026 Maintenance	₹1,200.00	-	₹-4,800.00
01-Feb-2026	February 2026 Maintenance	₹1,200.00	-	₹-6,000.00
01-Mar-2026	March 2026 Maintenance	₹1,200.00	-	₹-7,200.00
01-Apr-2026	April 2026 Maintenance	₹1,200.00	-	₹-8,400.00

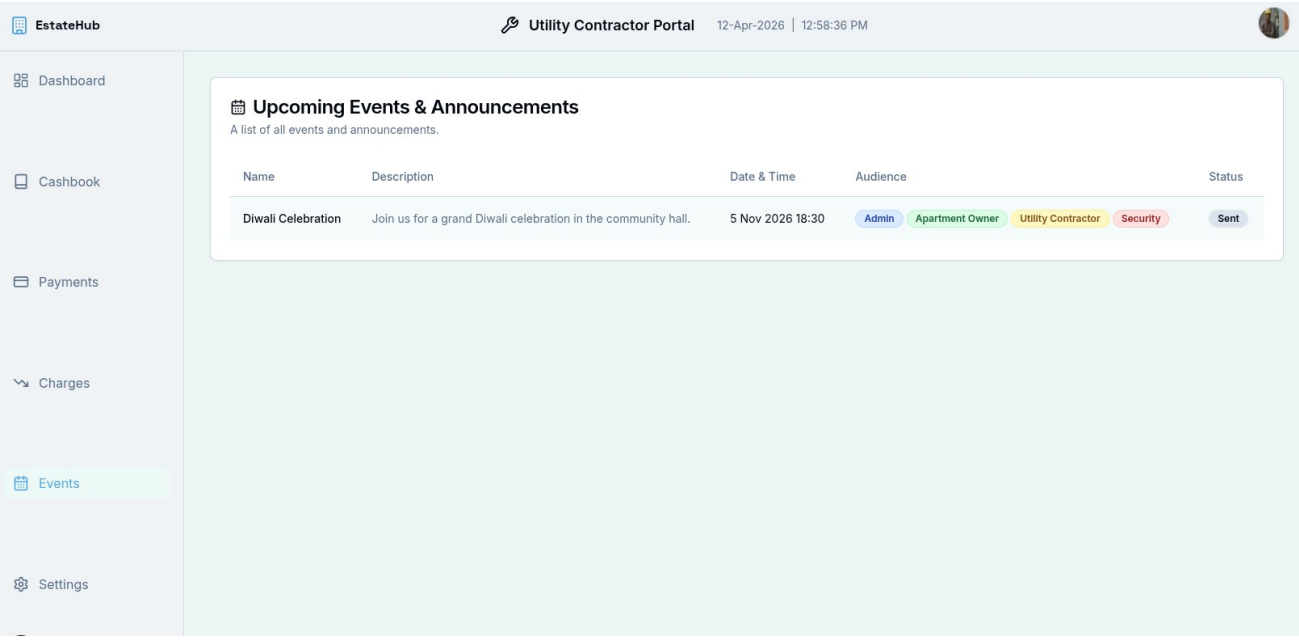
- **Payment History**: A log of all pass purchase payments.



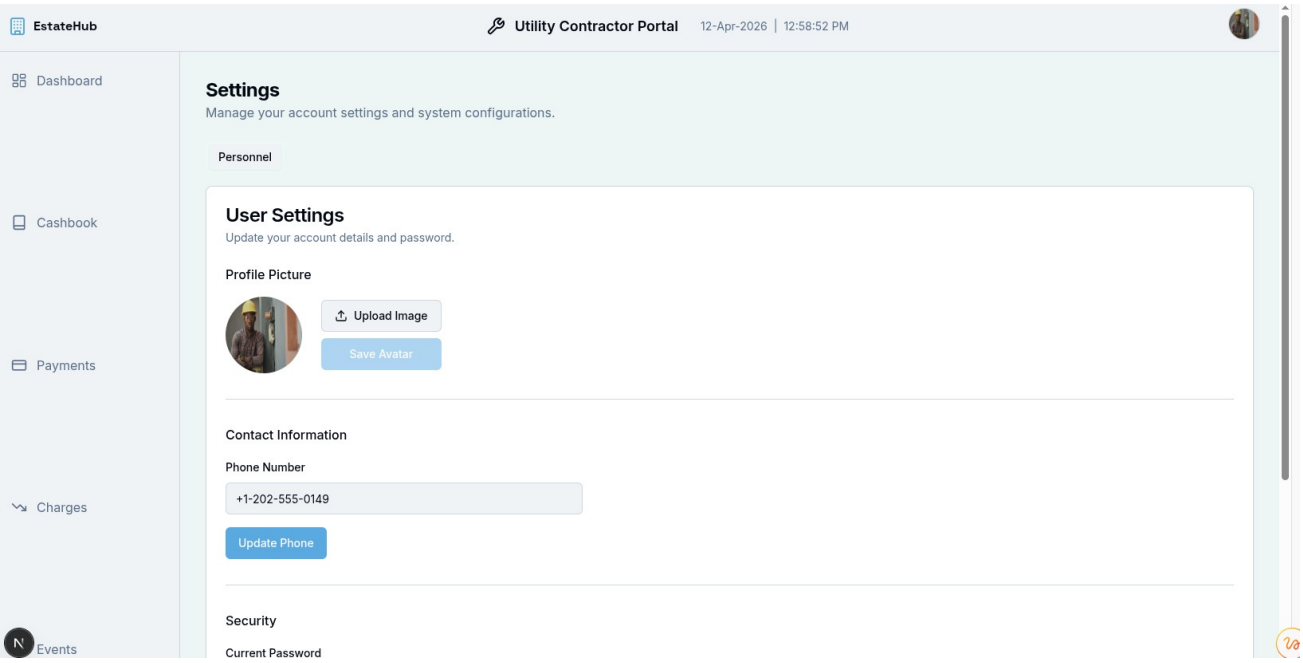
Charges to Contractors



Events – contractor can get events



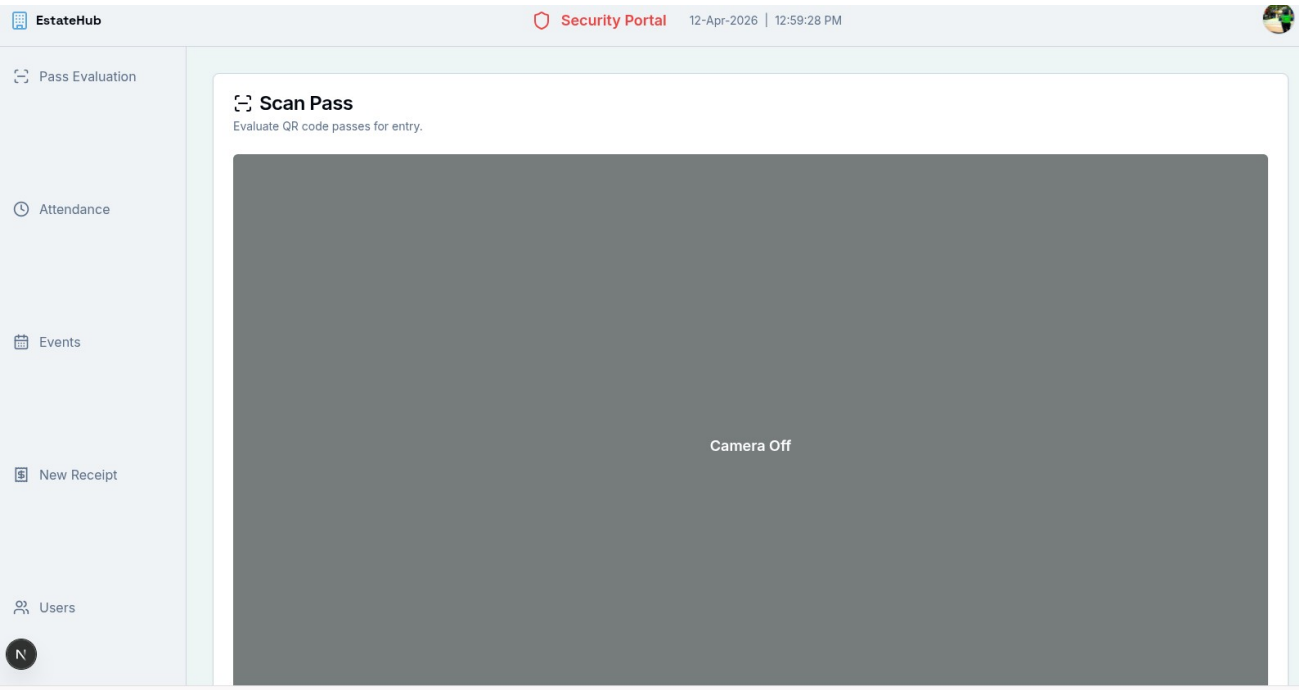
Settings



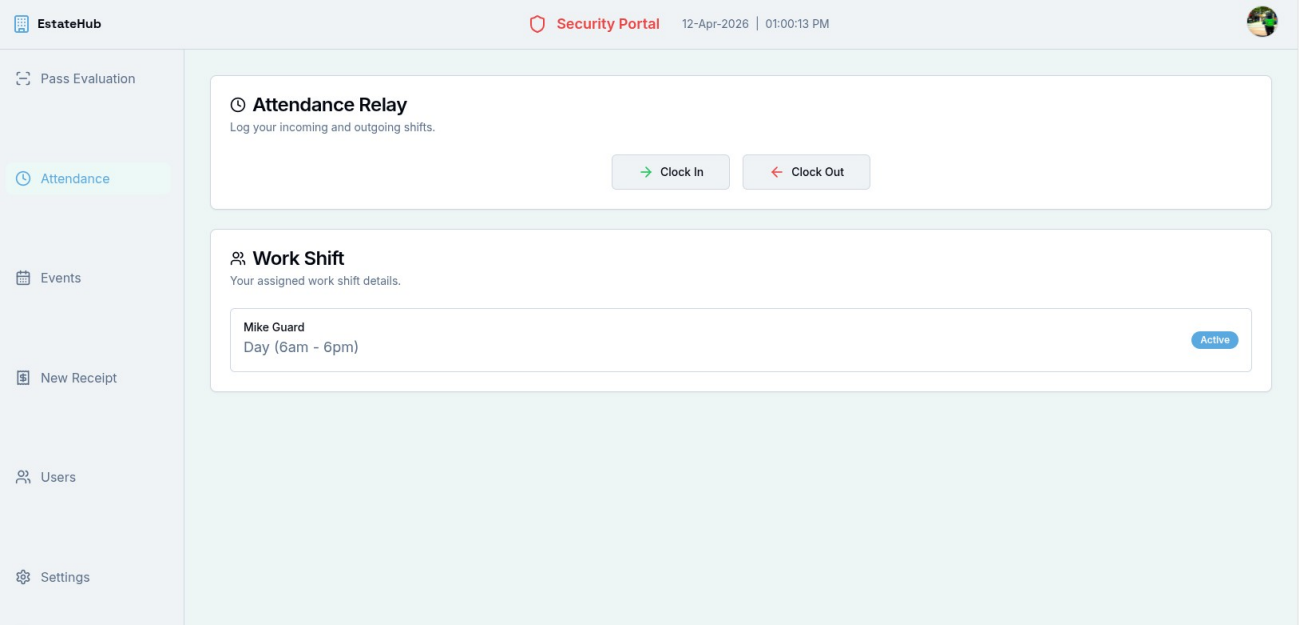
D. The Security Portal: Efficient and Secure

The Security portal is built for speed and efficiency, focusing on core security tasks.

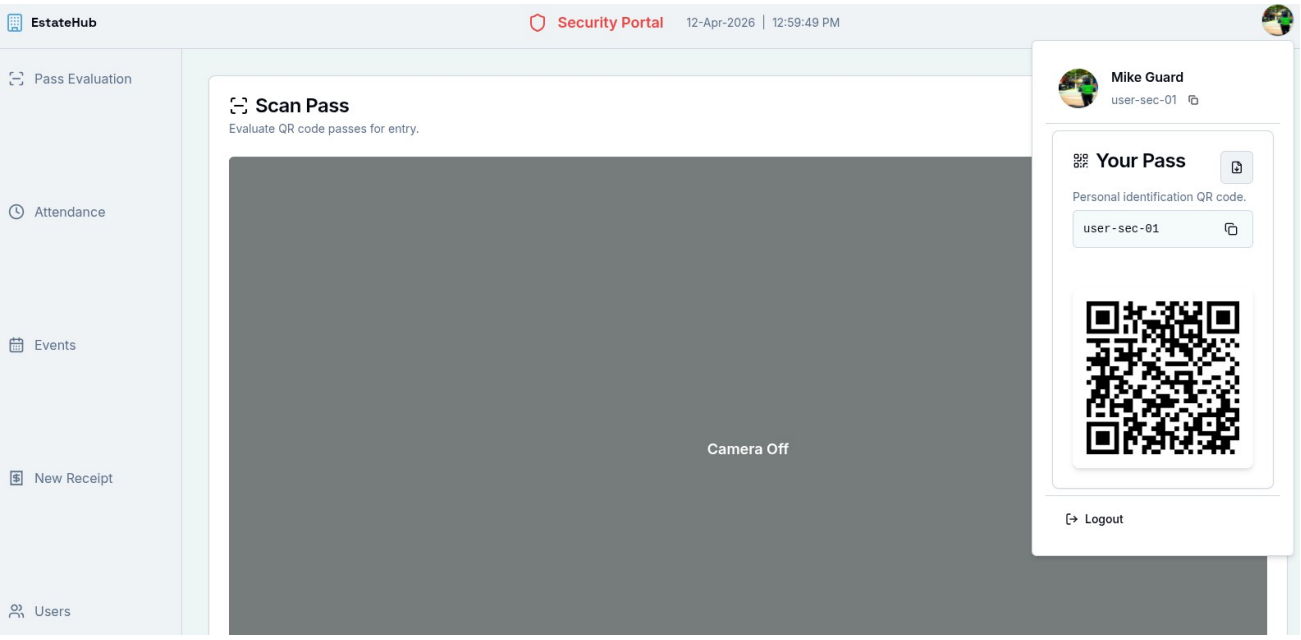
- **QR Code Scanner**: The primary tool is a large, easy-to-use QR code scanner. Security staff can point their device's camera at a user's QR code to instantly evaluate their pass status (PASS/FAIL).



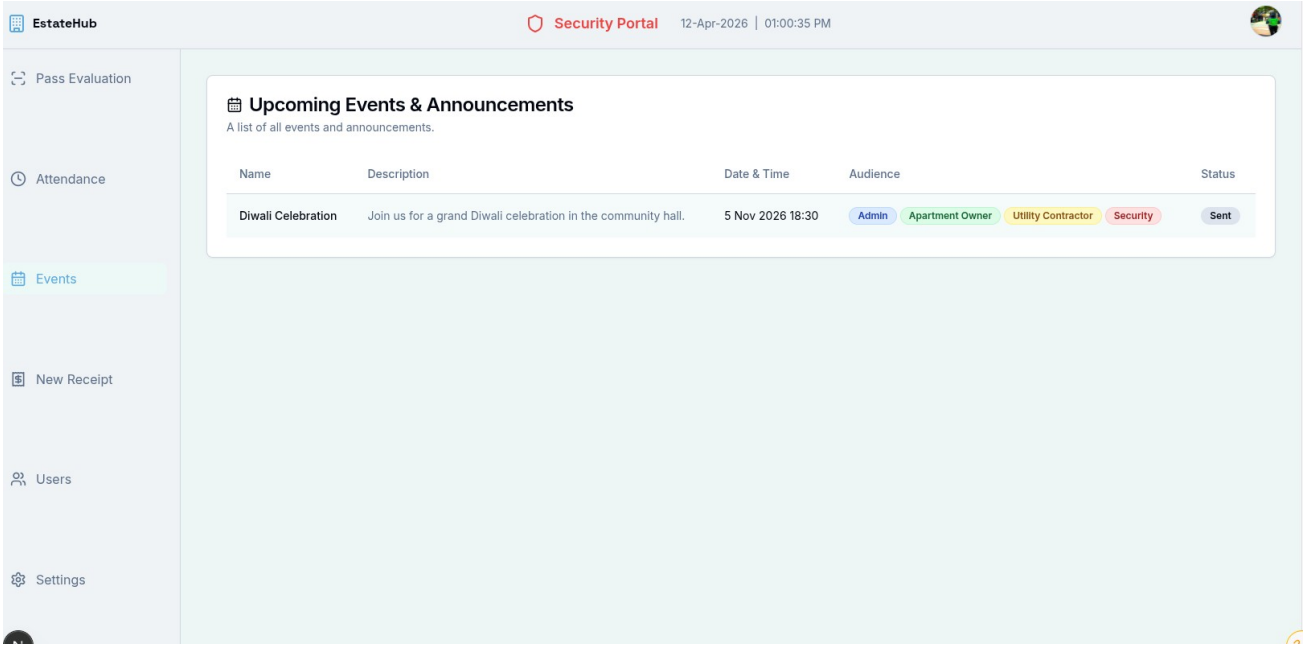
- **Attendance Relay**: Simple "Clock In" and "Clock Out" buttons for logging shifts.



- **Personal Pass**: Security staff also have their own QR code for identification.



Events – for Security



Security – Can Create New Reciepts (for on-demand entry)

Getting Started with EstateHub

Adopting EstateHub is a seamless process. Our powerful import tools and configurable settings mean you can be up and running in no time. With its user-friendly interface and robust feature set, EstateHub is the last estate management application you'll ever need.

For a live demo or to discuss purchase options, please contact our sales team.

1	**Initial Setup** Log in with your Admin credentials. Navigate to Settings > Global Settings to configure your society name, logo, and branding.
2	**Configure Financial Rates** Go to Settings > Admin Settings to set the maintenance rate per sq. ft., contractor pass fees, late fee percentages, and daily fine amounts.
3	**Enroll Users** Use the Enrollment section to add Apartment Owners, Security staff, and Contractors. For large estates, use the CSV import feature to upload multiple users at once.
4	**Distribute Credentials** Share login credentials with each user. They can access their respective portals and personalise their passwords from the Settings area.
5	**Go Live** Your estate is ready. Residents can view charges, make payments, and scan QR codes at entry points. Admins can monitor the dashboard for real-time KPIs and pending actions.

EstateHub

Thank you for choosing EstateHub. We are committed to delivering a seamless, transparent, and secure estate management experience.
